Annual General Meeting 2022
18 August 2022 11am-12pm

ANU NECTAR Annual General Meeting 2022»

Thu 18 August - 11am-12pm

Have you benefitted from NECTAR and its initiatives? Are you curious what NECTAR has been up to in the last 12 months? Have a say on what NECTAR plans to do next. Show your support for NECTAR by coming to NECTAR's AGM on Thursday 18 August, 11am-12pm.

Meet the NECTAR Co-Chair nominees and find out what their visions are for being your representative. Check the meeting agenda [here](#).

[RSVP here](#) to receive Zoom details.

Build a Grant-Winning Team»

Thu 15 September - 10am - 2pm

Are you a scholar seeking to engage in cross-disciplinary research and funding opportunities? Would you like the chance to meet others across and beyond your discipline?

Join us over coffee, meet other scholars, learn about their research directions, ideas and challenges ... and build a grant-winning team!

Register [here](#).

SciFinder-n Orientation» Wed 17 August- 9.30-10.30am

SciFinder-n is a database combining Chemical Abstract Service (CAS), Registry, Medline, and ChemZent. You can search for substances, reactions, references, suppliers and biosequences. This training session on SciFinder-n will cover searching for references, substances and reactions. It is suitable for people who are new to the platform and those with some experience looking to improve their search strategies.

Join the session [here](#) via Teams.

Brain Teaser 2022 : A Showcase of Neuroscience in the ACT» Sat 20 August - 10am-7pm

Ever wondered about how your brain and nervous system work? How do we think, learn, feel and experience? As part of National Science Week, Canberra's own neuroscientists who work to answer these very questions will open their doors to the public to show what they do.

This is a free event, suitable for all ages. Register [here](#).

Canberra Women of Science and Art» 17, 19, 21 August

What do drones, balloons, ships and mini 3D-printed robots have in common? They're all part of the Canberra Women of Science and Art events for National Science Week.

Meet a diverse group of amazing Canberran women working in or inspired by science, tech, engineering, art and maths (STEAM).

More information [here](#).

Latin American Film Festival» until 31 August

Celebrate Latin American culture at its finest as the Latin American Film Festival returns to the ANU Film Group with 15 films screening throughout August.

All screenings are free to attend and open to the public – no membership or registration is required.

More information [here](#).

EMCRs invited to join the ANU Kendo Club»

Kendo is one of Japan's oldest martial arts, and the one most closely associated with the Samurai.

There are two Introduction to Kendo programs each year commencing near the start of each ANU teaching semester. The program runs for 6 sessions, as 1 to 1.5 hour classes on Tuesday evenings.
